

ATLESS FINANCE

WARNINGS

23/09/2020

The Financial Services and Markets Authority (FSMA) warns the public against the fraudulent activities of Atless Finance, a company that is offering credit illegally to consumers.

Atless Finance is not authorized or registered in Belgium as a lender or credit intermediary. **Therefore, Atless Finance may not offer credit in Belgium.**

According to the information available to the FSMA, it seems that the credit being offered by Atless Finance is **entirely fraudulent**. The company operates as follows: if a consumer tries to take up the offer, he or she is asked to make certain payments supposedly to cover various **costs** relating to the credit (for example, so-called dossier fees or an insurance premium). Once these costs have been paid, the consumer does not receive the credit, and it is almost impossible to recover the sums that were paid. More information about this type of consumer credit fraud is available in the [general warning](#) published by the FSMA on 23 September 2020.

The FSMA therefore very strongly advises against responding to any offers of credit made by Atless Finance and against making any payment to the company.
